How the brain works

1. Look at the mind map and try to list the words you know or can guess.

2. Match the adjectives with the brain colour they correspond to:

<table>
<thead>
<tr>
<th>Qualities</th>
<th>Corresponding brain colour</th>
</tr>
</thead>
<tbody>
<tr>
<td>Dreamy</td>
<td></td>
</tr>
<tr>
<td>Inventive</td>
<td></td>
</tr>
<tr>
<td>Arty</td>
<td></td>
</tr>
<tr>
<td>Logical</td>
<td></td>
</tr>
<tr>
<td>Adventurous</td>
<td></td>
</tr>
<tr>
<td>Sensitive</td>
<td></td>
</tr>
</tbody>
</table>

3. Now, try to determine your main « braincolour(s) » according to what you like doing and/or what you are like.

For example, if you are a positive person and you enjoy achieving things, your main brain colour is green.

❖ Now, your turn:
Choose one person you know and explain which brain colour(s) best correspond to her/him:

4. Imagine you are a career adviser, you want to make a list of jobs that correspond to each brain colour and associate qualities that are required for each job. Look at the example:

<table>
<thead>
<tr>
<th>Brain colour</th>
<th>Corresponding jobs</th>
<th>Qualities required</th>
</tr>
</thead>
<tbody>
<tr>
<td>Light blue</td>
<td>Writer, poet</td>
<td>Inventive, creative, imaginative, dreamy</td>
</tr>
<tr>
<td>Yellow</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Red</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Green</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Blue</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Pink</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
Now, try to create 4 job profile cards. Follow the example and make sentences using « need to »:

**POET**

To be a poet, you need to be
